NAME:.....

E-mail:.....

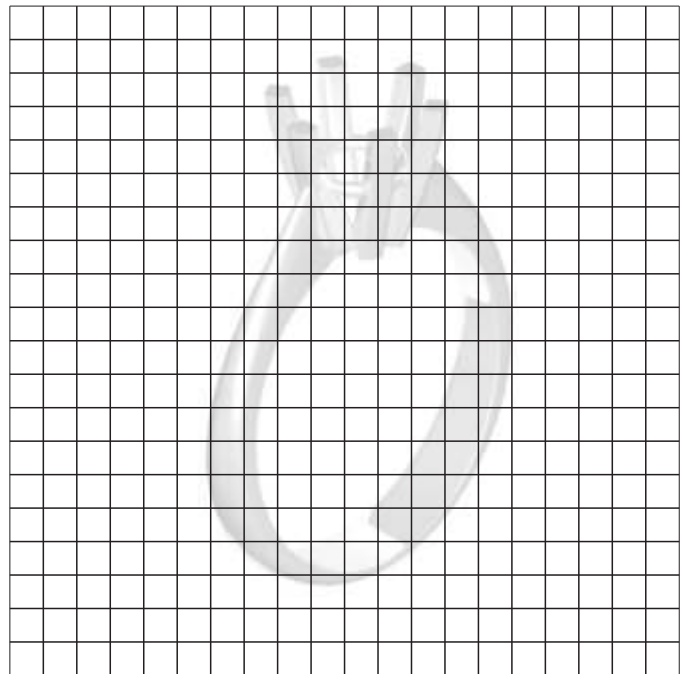

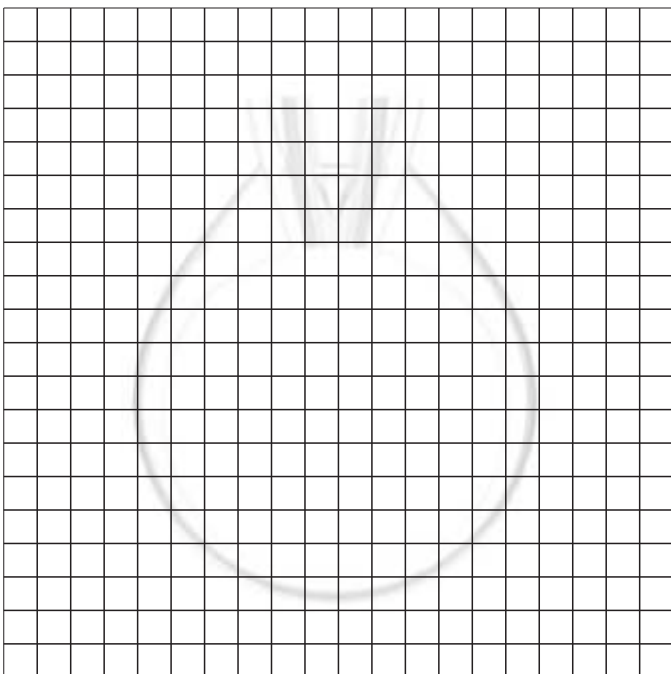

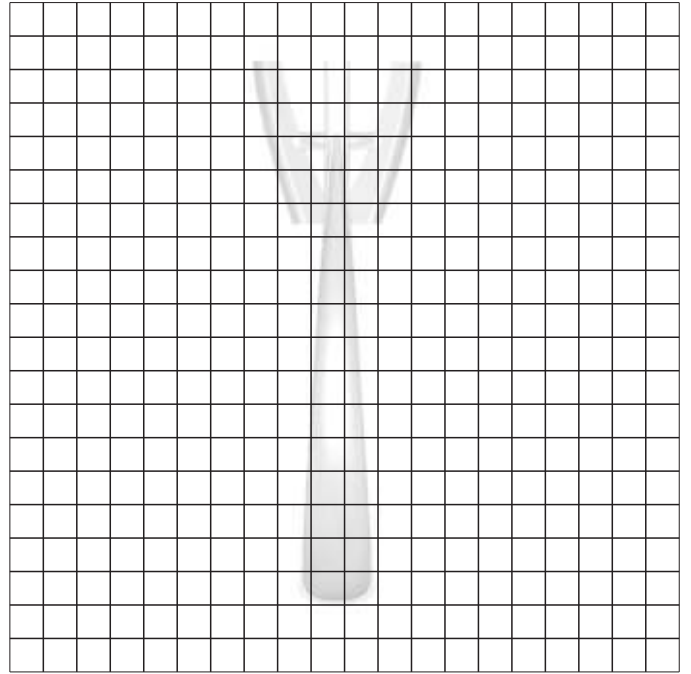

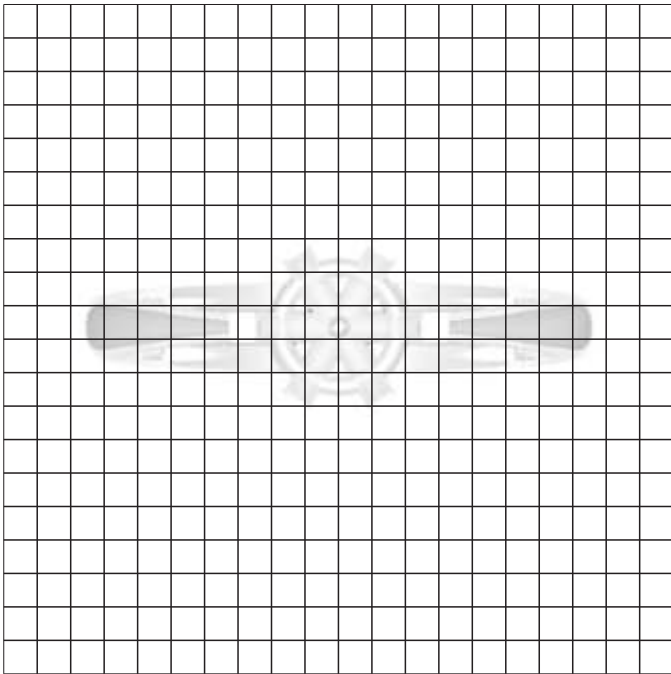

Remember, the more information and details provided, the faster and more accurately I can draw the sketch in CAD.

The sketch need not be as precise and fine, just remember to put on the important goals in mm.

**CAD drawing starts after the payment of € 250 to the KTO. no. 1645 15 652**

**This amount is not refunded in subsequent interruption of the mission, but of course drawn from in the event of delivery.**

**See also page 2 for conditions**

# Terms

1. Create a good description on sketch paper as possible.
2. Set a price limit on the assignment.
3. When the sketch and the information is received, you will be contacted with a provisional cost estimate.
4. ***If you do not go on, finish the mission and there is nothing to pay.***
5. If the task shall be performed, we ask in advance € 250 to kto.nr. 1645 15 15652
6. ***This amount is not refunded in subsequent interruption of the mission, but pulled of course on the event of delivery.***
7. When the advance is paid, is the approved model drawn in CAD.
8. You will receive a rendered (photo-like) image of the model with accurate and firm price on delivery from the goldsmith business You want.
9. Minor changes to the CAD model is possible, but the major changes will be to considered a new assignment and be paid a fee of € 125 before work with the new model continues.
10. At Your final approval of the model it will go into production.
11. Includes model high production cost, paid a deposit of 60% of the agreed price.
12. Goldsmith shop will then contact you for delivery of the finished jewelry.
13. Although it is we who design and produce your design, Your outline is the basis and will be considered as Yourr exclusive design.
14. We guarantee that your design will not be copied or used by us or others without your written approval.
